

SPIRAL GUARD WRAP

HDPE OPEN PROTECTIVE SPIRAL

Spiral OD		Part Number	FT/Box
3/8"	10mm	SGW06-30	100'
1/2"	13mm	SGW08-30	100'
3/4"	19mm	SGW12-30	100'
1"	25mm	SGW16-30	100'
1-1/4"	32mm	SGW20-30	100'
1-1/2"	38mm	SGW24-30	100'
2"	51mm	SGW32-30	100'
2-1/2"	64mm	SGW40-30	100'
3"	76mm	SGW48-30	75'
3-1/2"	89mm	SGW56-30	50'
4"	102mm	SGW64-30	50'
5"	127mm	SGW80-30	40'
5-1/2"	140mm	SGW88-30	30'

PRODUCT DESCRIPTION

Spiral Guard Wrap is a simple, economical, and extremely effective solution for extending the service life of critical systems facing abrasion, crushing, and cutting hazards. The open spiral design allows Spiral Guard Wrap to be installed without disconnecting lines and without the use of any tools, ideal for field installation and protection of existing lines. Produced with unique rounded edges, Spiral Guard Wrap will not cut personnel or damage hose exteriors during install.

Manufactured with high-density polyethylene (HDPE), Spiral Guard Wrap is able to withstand all weather conditions and is resistant to UV, ozone, hydraulic fluid, oils, lubricants, fuels, solvents, fresh & salt water, and most common industrial and automotive fluids. The spiral construction allows lines remain flexible across the operating temperature range, and allows for multiple lines to be bundled together for routing and simultaneous protection.

Common applications include protection for all types of hose, tube, and cable in industrial, forestry, agricultural, mining, construction, IT, robotics, trucking, automotive, and heavy equipment environments.

WORKING TEMPERATURE

MAXIMUM: 210°F / 100°C

MINIMUM: -60°F / -50°C

ACCREDITATIONS

- REACH & RoHS Compliant
- Product is recyclable

MATERIAL COMPOSITION

- High-grade HDPE
- Durable, all-weather plastic
- Non-irritating material
- Unique rounded edges will not cut installers or hoses

AVAILABILITY

- 3/8" thru 5-1/2" OD spiral sizes
- Supplied in standard boxes
- Stock product for fast shipping
- Pre-cut short lengths available
- Standard color is black
- Additional colors available

ADDED VALUE

- FRAS Spiral Guard Wrap available
- Install without disconnecting lines
- Removable and reusable
